

# Technical Rider

**Title:** The Sense of Neoism?! Artificial Counter-Intelligence Machine

**Year:** 2018

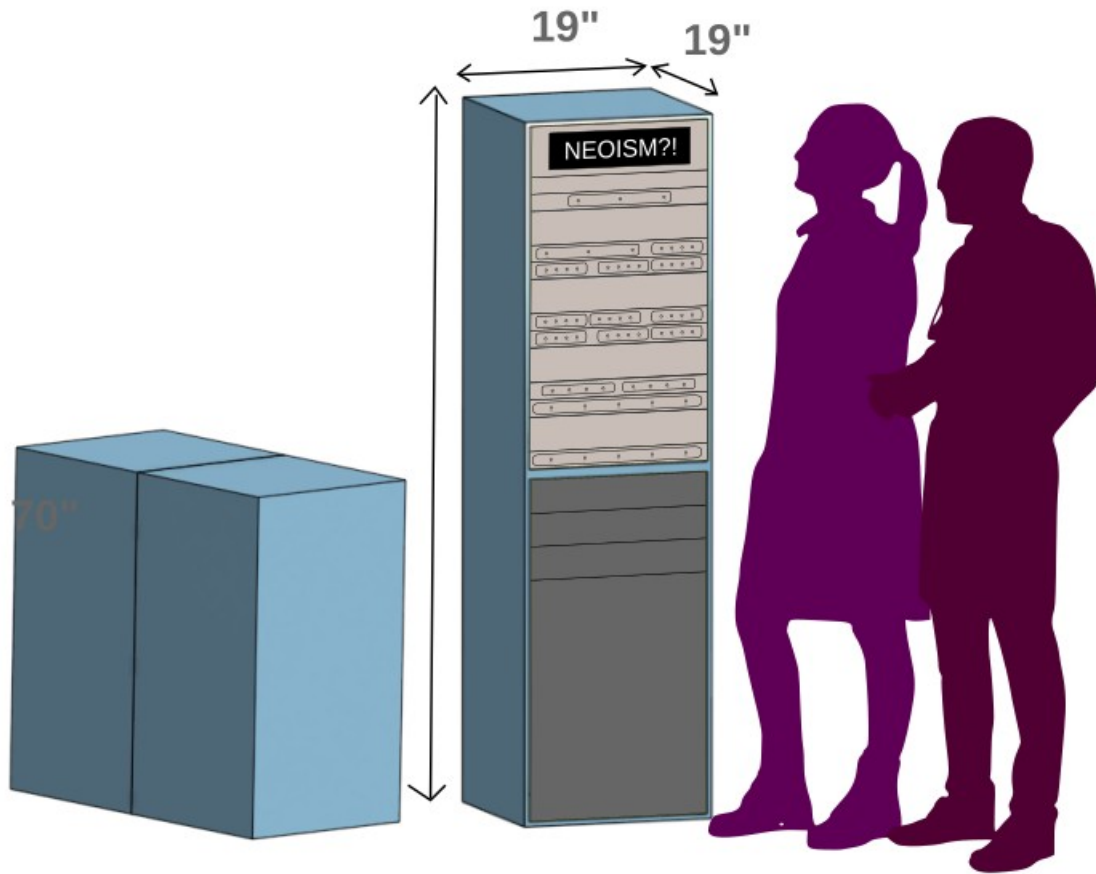

**Credits:** Sofian Audry & Monty Cantsin?

**Full Description:** <https://sofianaudry.com/en/the-sense-of-neoism>

## Dimensions and weights

| Item     | Dimensions (WxLxH) | Weight |
|----------|--------------------|--------|
| Machine  | 19in x 19in x 70in | 50 kg  |
| Computer | 26in x 12in x 20in | 26 kg  |

The installation is itself its own roadcase and can be transported as is. It consists of two parts that can be joined into a 19in x 38in x 35in box for transportation purpose.

## **Requirements and constraints**

### **Electricity**

Access to AC is required (100-240V, 50-60 Hz). Power consumption : 800 W.

### **Optional video projection**

If appropriate for the presentation venue, a custom-made environment can be presented as an accompaniment to the installation, including a video banner of neoist propaganda, flag, neoist chairs, etc. to increase the impact of the work.

### **The Book of Neoism?!**

The Book of Neoism?! by Istvan Kantor aka Monty Cantsin? Amen, which constitutes the core text upon which the machine learning algorithm was trained in the installation can be presented as part of the show. This bible size book reveals the insurgent anti-credo of Neoism?!: six volumes of unexpurgated decibels of thrilliant subvertainment, uncountable definitions, self-interrogation, epic impure nonsense, audacious plunder performance, synthetic-wave narrative, pulp-fiction dogma, precisely calculated mathematical formulae, agitprop porn liturgy, fathomless psychoactive claptrap, infinite manifesto of Neoism?! to the point of torture and insanity.

### **Insurance**

The host shall cover the work for damage and theft up to the full replacement value (see below) for the entire period that the work is contracted by host, including transportation, set-up, event and dismantle.

The host shall provide civil liability protecting the artist during the whole time of the venue including installing, exhibition/performance and dismantling period. This coverage shall exempt the artists of any liability in case of any public or workers claims, accidents or injuries during the whole period. This insurance shall cover all the local workers assigned by the host and the work touring staff (if applicable).

### **Value**

**Work market value: 20,000 CAD**

**Replacement value: 8,700 CAD**

### **Goods**

| <i>Item</i> | <i>Qty</i> | <i>Description</i>                  | <i>Value (CAD)</i> |
|-------------|------------|-------------------------------------|--------------------|
| 1           | 1          | Installation (“road case”)          | 3000               |
| 2           | 1          | Raspberry Pi                        | 50                 |
| 3           | 1          | Arduino Mega                        | 50                 |
| 4           | 32         | Jack 1/4 audio cable                | 250                |
| 5           | 1          | Computer with TitanXP graphics card | 5000               |
| 6           | 1          | Computer road case                  | 350                |

All items provided by the artists.
